## Timber Importers & Sawmillers since 1913

### Timber is our business

The company was founded in 1913 by Matthew Henry Southern. Its role then, was as Timber Importers and Sawmillers, supplying the timber requirements of the shipbuilding and ship repair yards on the North East coast.

Today, M.H. Southern & Co. Ltd. is a fifth generation family company specialising in timber importing and sawmilling and providing a high quality, flexible service to all construction and allied industries.

We have modern production facilities offering the latest in automated machining and handling. Our high quality softwoods can be supplied certified CoC (Chain of Custody) and machined to a variety of sections and profiles all to the highest quality and all to meet the demands of today's competitive market! Our skilled machinists take both pride and care in producing our machined items and our quality is assured by our accreditation to ISO 9001:2015.

### We supply ISPM15 Heat Treated Export Packaging Timber

At M.H. Southern we also offer heat treated timber to ISPM15. This material is often treated and manufactured to bespoke measurements to match packing specifications.

We pride ourselves on servicing the export packaging industry nationwide and hope this introduction is of interest to you and your business.
